

WATERCOLOR WORKSHOP

Kathie George

SEPTEMBER 15-21, 2008

A Rose is a Rose

Unsolicited Student Comments:

"Kathie's classes are life changing as they introduce you to a technique that is accomplishable from the first lesson.... I cannot say enough about how much I have learned from her.....and knowing Kathie will enrich your life and inspire you. -Kathy K.

I have taken 6 classes with Kathie George. She brings great enthusiasm to her teaching, and instills confidence in her students that they will be able to do her projects, and do them well. Her instructions are clear; she gives detailed hands-on demonstrations; her classes are relaxed and enjoyable and everyone goes home happy with their finished pieces. -Clare M.

I am delighted to recommend Kathie George. Her techniques are easy to master and the resulting art work is admired by our friends, co-workers and family members....Prior to taking my first class, I had little formal watercolor training, but my painting was suitable for framing and hangs proudly in my home. You will anxiously wait for the next class. -Kathy V.

Very professional, but fun! She is by far the most organized and well-prepared instructor we've had. -Michelle Parks, workshop director, Waussenberg Museum

Summer Memory

As a workshop instructor for over 25 years, Kathie is known for her friendly, informative and energetic approach to teaching. She is very intuitive in helping a student develop their own individual needs. She emphasizes creativity and color in her work, and her workshops. She believes that, more important than painting the likeness, is capturing the 'mood' of the scene. It is more about the expression rather than the description of the subject matter. Her work ranges from transparent watercolor and textured acrylic to batik on rice paper.

A signature member of the Ohio and the Florida Watercolor Societies and author of five watercolor instructions books, her work has been exhibited in many shows including the National Watercolor Society. Kathie has twice been a finalist in the Artist Magazine Annual Art Competition and twice selected for their limited edition calendar. She has been published in numerous magazines, among them *American Artist*, *Watercolor Magazine* and the cover of *Artist Sketchbook* magazine.
